<b>Alc. by Vol.:</b>	14.5%
<b>Best to Drink:</b>	Now through 2019

## WINEMAKER'S NOTES

2016 saw a light harvest here at the estate due to drought and fire conditions, so this year we've supplemented our Estate Sangiovese with Pinot Noir from the nearby Santa Lucia Highlands. The fruit was lightly pressed for two hours before being settled for twenty-four hours at 50

Picture this: it's a perfect, sunny spring day, with big fluffy clouds in the sky, a breezy 70 degrees. You're sitting in the shade in a blooming garden enjoying some time with friends. That's what our days are like here at Folktale, and we made this wine was made to pair with them. The Sangiovese fruit was grown on site at our winery and harvested with love by those who walk through the vines every day - our cellar staff, our tasting room staff, and even our management. Bright and crisp with tart cherry and red grapefruit, rounded out with hints of leather and soft vanilla, this wine is begging for a caprese salad and sunshine. Picnic perfect, enjoy chilled with good friends.
